

Unifying the care experience.

## **Oneview Healthcare ISO 27001 Certification**

Sydney, March 26<sup>th</sup>, 2021. Oneview Healthcare plc is pleased to announce that it has today been awarded ISO 27001 certification, a key milestone for the transition to Cloud Enterprise.

*“ISO 27001 is the international standard which is recognised globally for managing risks to the security of information you hold. Certification to ISO 27001 allows you to prove to your clients and other stakeholders that you are managing the security of your information. ISO 27001:2013 (the current version of ISO 27001) provides a set of standardised requirements for an Information Security Management System (ISMS). The standard adopts a process-based approach for establishing, implementing, operating, monitoring, maintaining, and improving your ISMS.<sup>1</sup>”*

Certification was awarded by Certification Europe, an internationally accredited certification body following a rigorous independent audit of Oneview’s systems, facilities and processes. The ISMS shall protect the confidentiality, integrity, and availability of Oneview client data at all times, including all departments and products supported from the Dublin office.

“Information security is especially critical in healthcare and we are very proud of our 13-year unblemished track record protecting the data of our world-class customers” commented Richard Eibrand, Head of Information Security for Oneview. “Cyber security is a top priority for healthcare CIOs and having ISO 27001 certification provides industry-recognised assurance of our good custodianship of highly sensitive healthcare data.”

Oneview’s CEO James Fitter added “Our journey to ISO certification began in May 2019 as we were developing a complex cloud hosted care management solution for the aged care industry. Our strategic decision to move our hospital solution to the Cloud in 2020 saw us accelerate this initiative in recent months. I’m extremely proud of our team for achieving this significant milestone which will provide additional confidence to large healthcare enterprises and be an added point of differentiation in procurement competitions.”

**This announcement was authorised by the Board of Oneview Healthcare Plc.**

### **About Oneview Healthcare PLC**

For healthcare systems who lead on exemplary care, Oneview Healthcare provides digital tools for patients, families and caregivers to improve the care experience. Unifying a facility’s systems, content and services into one digital Care Experience Platform at the point of care, Oneview helps providers to measure and improve experience, optimize patient flow, deliver virtual care and enable patients and families with dedicated touch and TV devices. Oneview has partnered with leading healthcare systems in the US, Australia, the Middle East and Asia to unify the care experience. [www.oneviewhealthcare.com](http://www.oneviewhealthcare.com)
