Oneview Healthcare PLC and Subsidiaries

Directors' Report

The Directors present their report and the condensed consolidated interim financial statements of Oneview Healthcare PLC and Subsidiaries (the "Group") for the 6 month period ended 30 June 2024.

Principal activity, business review and future developments

The principal activity of the Group is the development and sale of software for the healthcare sector, along with associated hardware and the provision of related consultancy services.

As at 30 June 2024, the Oneview system was contracted in 18,313 beds, an increase of 16% compared to 31 December 2023. The system was live in 10,358 beds (31 December 2023: 10,151). 7,955 beds were contracted but not yet installed (31 December 2023: 5,670). "The Gen 3" migration of several key customers was completed during the period, with one final migration to be completed in Q3, which will mark the end of "Gen 2" software support with all customers then running on Android operating systems.

The MyStay Mobile pilot at NYU Langone Health's Long Island Community Hospital (LICH), which went live in February 2024, concluded successfully in Q2, and a larger pilot deployment will commence in Q3 to extend the capabilities to patients' families at other NYU hospitals. Marketing of MyStay Mobile has commenced, targeting capital constrained healthcare providers.

The Value-Added Reselling Agreement which Oneview entered into with Baxter International, Inc. (NYSE:BAX) ("Baxter") in 2023 continues to gather momentum. The first Baxter implementation project commenced at Nicklaus Children's Hospital, while Oneview received a second Purchase Order from Baxter, on behalf of Sharp HealthCare in San Diego, to deploy the Digital Door Sign at the Sharp Grossmont Neuroscience Centre. The partnership has resulted in a material increase in the sales pipeline and delivered an RFP for one of the leading health systems in the United States. The Company is committed to having appropriate resources in place ahead of anticipated revenue. This has resulted in higher staff costs as the Company resources the fulfilment of Baxter contracts.

During the period Oneview announced several contract successes including:

- A Master Services Agreement with Inova Health System (Inova) for 1,900 beds and an initial 5-year term.
- A Master Technology Agreement with Mercy Health System (Mercy) for an initial 3-year term. Mercy, one of the 20 largest U.S. health systems, is a highly integrated, multi-state health care system across the seven states of Arkansas, Kansas, Louisiana, Mississippi, Missouri, Oklahoma and Texas.

The signing of Inova and Mercy demonstrate that the Company can deliver on its growth potential.

During the period, Oneview was also appointed Vendor of Choice at a 550-bed paediatric healthcare system in California, and appointed Vendor of Choice at an 800-bed academic healthcare system in New England, both of which are currently in contracting.

The Company continues to roll out facilities contracted under recent agreements and is benefiting from faster implementations due to Cloud deployments that utilise Infrastructure as Code (IaC) practices, as well as constantly enhancing our automated deployment tools.

Directors' Report (*continued*)

Results and dividends

The loss for the six month period to 30 June 2024 from continuing operations amounted to €5,494,318 (30 June 2023: loss of €4,461,662). The loss from continuing operations increased by 23%. This increase was driven by higher staff costs as the Company resources the fulfilment of signings and opportunities projected by Baxter's sales pipeline.

Revenue for the period amounted to €4,667,936 (30 June 2023: €4,356,347). Recurring revenue for the period amounted to €3,572,823 (30 June 2023: €3,321,223) and will continue to grow as the Company deploys contracted beds. Non-recurring revenue for the period was €1,095,113 (30 June 2023: €1,035,124). The Company expects a material increase in revenue growth in the second half of this year as projects currently in installation become live, a large expansion project which was postponed re-commences and installation work on new logos signed in the first six months of this year commences.

Full time headcount at 30 June 2024 was 99 (30 June 2023: 74). Subsequent to the July/August 2023 equity raise, the Company ramped up its headcount to resource Baxter sales pipeline and MyStay Mobile demand.

The Directors do not recommend payment of an interim dividend.

Directors

The current Directors are as set out on page 1. The Directors' interests held at 30 June 2024 are disclosed in note 18.

Going concern

Since its inception, the Group has incurred net losses and generated negative cash flows from its operations. To date, it has financed its operations through the sale of equity securities, including its initial public offering of Oneview Healthcare PLC in March 2016 and various equity raisings since then.

The Group incurred losses of €5.5 million for the period ended 30 June 2024. As at 30 June 2024, the Group had cash reserves of €6.0 million.

The Group completed an A\$22.8 million (€13.8 million) equity placement/SPP in July/August 2023. The Group launched its new MyStay Mobile product during the period, which has been received positively by existing and new customers and should result in an increase in revenue in 2025, based on the current sales pipeline. The sales pipeline from the partnership with Baxter, Inc. (NYSE: BAX) has expanded the overall Group's sales pipeline materially. 2 new customers were signed in the period arising from this sales channel. The Group continues to attract fresh equity but does not expect that fresh equity is required at the time of signing of this Interim Report.

Oneview Healthcare PLC and Subsidiaries

Directors' Report (*continued*)

Going concern (continued)

At the date of signing of the financial statements, management assessed the Group's ability to continue as a going concern and determined that it expects that its existing cash and other working capital will be sufficient to enable the Group to fund its operating expenses and capital expenditure requirements for a period of at least 12 months from the date of approval of the interim condensed financial statements. The Group has based this estimate on assumptions, such as signed and scheduled revenues, high conviction sales opportunities in its sales pipeline, expected revenue growth, cash outflows and other external factors, that may prove to be wrong or delayed, and there is a possibility that the Group may use its capital resources sooner than it currently expects. The Group acknowledges that there is uncertainty around the conversion of some or all of its sales pipeline and revenue growth assumptions. However, the Group has applied prudent assumptions regarding its sales and cash collection figures, and has considered alternative scenarios and plans based on flexed forecasts and cash conservation, in order to assess if the existing cash and expected operating results are sufficient to enable the Group to fund its operations for a period of at least 12 months from the date of approval of the financial statements.

Based on the Group's consideration of the above factors, the Directors have a reasonable expectation that the Group will have adequate resources to continue in operational existence for the foreseeable future based on its existing cash resources, coupled with expected increases in future working capital and continued cost management. For these reasons, they continue to adopt the going concern basis in preparing the consolidated financial statements.

Post balance sheet events

On 14 August 2024, Oneview announced the appointment of Darragh Lyons as its new Chief Financial Officer. Darragh will join the Company on 9 September 2024, and will be appointed to the Board, subject to shareholder approval, at the Company's upcoming Annual General Meeting.

Independent Review Report to Oneview Healthcare PLC (“the Entity”)

Conclusion

We have been engaged by the Entity to review the Entity’s condensed set of consolidated financial statements in the half-yearly financial report for the six months ended 30 June 2024 which comprises Condensed Consolidated Interim Statement of Comprehensive Income, Condensed Consolidated Interim Statement of Financial Position, Condensed Consolidated Statement of Changes in Equity, Condensed Consolidated Interim Statement of Cash Flows, a summary of significant accounting policies and other explanatory notes.

Based on our review, nothing has come to our attention that causes us to believe that the condensed set of consolidated financial statements in the half-yearly financial report for the six months ended 30 June 2024 is not prepared, in all material respects in accordance with International Accounting Standard 34 *Interim Financial Reporting* (“IAS 34”) as adopted by the EU.

Basis for conclusion

We conducted our review in accordance with International Standard on Review Engagements (Ireland) 2410 *Review of Interim Financial Information Performed by the Independent Auditor of the Entity* (“ISRE (Ireland) 2410”) issued for use in Ireland. A review of interim financial information consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures.

A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing (Ireland) and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusions relating to going concern

Based on our review procedures, which are less extensive than those performed in an audit as described in the Basis for conclusion section of this report, nothing has come to our attention that causes us to believe that the directors have inappropriately adopted the going concern basis of accounting, or that the directors have identified material uncertainties relating to going concern that have not been appropriately disclosed.

This conclusion is based on the review procedures performed in accordance with ISRE (Ireland) 2410. However, future events or conditions may cause the Entity to cease to continue as a going concern, and the above conclusions are not a guarantee that the Entity will continue in operation.

Independent Review Report to Oneview Healthcare PLC (“the Entity”) (continued)

Directors’ responsibilities

The half-yearly financial report is the responsibility of, and has been approved by, the directors.

The directors are responsible for preparing the condensed set of consolidated financial statements included in the half-yearly financial report in accordance with IAS 34 as adopted by the EU.

As disclosed in note 2, the annual financial statements of the Entity for the year ended 31 December 2023 are prepared in accordance with International Financial Reporting Standards as adopted by the EU.

In preparing the condensed set of consolidated financial statements, the directors are responsible for assessing the Entity’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Entity or to cease operations, or have no realistic alternative but to do so.

Our responsibility

Our responsibility is to express to the Entity a conclusion on the condensed set of consolidated financial statements in the half-yearly financial report based on our review.

Our conclusion, including our conclusions relating to going concern, are based on procedures that are less extensive than audit procedures, as described in the Basis for conclusion section of this report.

The purpose of our review work and to whom we owe our responsibilities

This report is made solely to the Entity in accordance with the terms of our engagement. Our review has been undertaken so that we might state to the Entity those matters we are required to state to it in this report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Entity for our review work, for this report, or for the conclusions we have reached.

Oneview Healthcare PLC and Subsidiaries

Notes to the Condensed Consolidated Interim Financial Statements

1. Reporting entity

Oneview Healthcare PLC (“OHP”) is domiciled in Ireland with its registered office at 2nd Floor, Avoca Court, Temple Road, Blackrock, Co. Dublin, Ireland (company registration number 513842. The condensed consolidated interim financial statements as at and for the six-month period ended 30 June 2024 comprise OHP and its subsidiary undertakings (together referred to as the “Group”).

2. Accounting policies

Basis of Accounting

These unaudited condensed consolidated interim financial statements and the information set out in this report cover the six month period ended 30 June 2024 and have been prepared in accordance with IAS 34 “Interim Financial Reporting” as adopted by the European Union.

The condensed consolidated interim financial statements do not include all the information required for a complete set of financial statements prepared in accordance with IFRS as adopted by the European Union. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group’s financial position and performance since 31 December 2023. They should be read in conjunction with the statutory consolidated financial statements of the Group, which were prepared in accordance with IFRS as adopted by the European Union, as at and for the year ended 31 December 2023. The accounting policies applied within are consistent with the accounting policies applied at year end. Those statutory financial statements have been filed with the Registrar of Companies and are available at www.oneviewhealthcare.com. The audit opinion on those statutory financial statements was unqualified and did not contain any matters to which attention was drawn by way of emphasis.

Judgements and estimates

The preparation of these condensed consolidated interim financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. In preparing this interim financial report, the significant judgements made by management in applying the Group’s accounting policies and the key sources of estimation uncertainty were the same as those applied to the consolidated financial statements for the year ended 31 December 2023.

These condensed consolidated interim financial statements were authorised for issue by the Company’s Board of Directors on 28 August 2024.

Going concern

Since its inception, the Group has incurred net losses and generated negative cash flows from its operations. To date, it has financed its operations through the sale of equity securities, including its initial public offering of Oneview Healthcare PLC in March 2016 and various equity raisings since then.

The Group incurred losses of €5.5 million for the period ended 30 June 2024. As at 30 June 2024, the Group had cash reserves of €6.0 million.

The Group completed an A\$22.8 million (€13.8 million) equity placement/SPP in July/August 2023. The Group launched its new MyStay Mobile product during the period, which has been received positively by existing and new customers and should result in an increase in revenue in 2025, based on the current sales pipeline. The sales pipeline from the partnership with Baxter, Inc. (NYSE: BAX) has expanded the

Oneview Healthcare PLC and Subsidiaries

overall Group's sales pipeline materially. 2 new customers were signed in the period arising from this sales channel. The Group continues to attract fresh equity but does not expect that fresh equity is required at the time of signing of this Interim Report.

At the date of signing of the financial statements, management assessed the Group's ability to continue as a going concern and determined that it expects that its existing cash and other working capital will be sufficient to enable the Group to fund its operating expenses and capital expenditure requirements for a period of at least 12 months from the date of approval of the interim condensed financial statements. The Group has based this estimate on assumptions, such as signed and scheduled revenues, high conviction sales opportunities in its sales pipeline, expected revenue growth, cash outflows and other external factors, that may prove to be wrong or delayed, and there is a possibility that the Group may use its capital resources sooner than it currently expects. The Group acknowledges that there is uncertainty around the conversion of some or all of its sales pipeline and revenue growth assumptions. However, the Group has applied prudent assumptions regarding its sales and cash collection figures, and has considered alternative scenarios and plans based on flexed forecasts and cash conservation, in order to assess if the existing cash and expected operating results are sufficient to enable the Group to fund its operations for a period of at least 12 months from the date of approval of the financial statements.

Based on the Group's consideration of the above factors, the Directors have a reasonable expectation that the Group will have adequate resources to continue in operational existence for the foreseeable future based on its existing cash resources, coupled with expected increases in future working capital and continued cost management. For these reasons, they continue to adopt the going concern basis in preparing the consolidated financial statements.

New and upcoming standards

The accounting policies applied by the Group in the consolidated interim financial statements are the same as those applied by the Group in its consolidated financial statements as at and for the year ended 31 December 2023, except for the adoption of new standards or interpretations. Comparative figures have not been re-stated for the adoption of new standards.

The adoption of new IFRS or IFRIC interpretations that are effective for the first time for the financial period beginning on or after 1 January 2024 did not have a material impact on the Group.

A number of new standards, amendments to standards and interpretations are effective for financial periods beginning on various dates after 1 January 2024 and have been adopted in preparing this interim financial information as at 30 June 2024. These include:

- Non-current Liabilities with Covenants – Amendments to IAS 1
- Classification of Liabilities as Current or Non-current – Amendments to IAS 1
- Lease Liability in a Sale and Leaseback – Amendments to IFRS 16
- Supplier Finance Arrangements – Amendments to IAS 7 and IFRS 7

A number of new standards, amendments to standards and interpretations are available for early adoption for financial periods beginning on various dates after 1 January 2024 and have not been adopted early in preparing these interim financial information as at 30 June 2024. These include:

- Lack of Exchangeability – Amendments to IAS 21 (effective from 1 January 2025)
- Sale or Contribution of Assets between and Investor and its Associate or Joint Venture – Amendments to IFRS 10 and IAS 28 (Available for optional adoption/effective date deferred indefinitely)

The potential impact of these standards on the Group is under review and is not expected to be material.

2. Segment information

The Group is managed as a single business unit engaged in the provision of interactive patient care and operates in one reportable segment which provides a patient engagement solution for the healthcare sector.

The operating segment is reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM). The CODM has been identified as the executive management team. The executive management team is comprised of the Chief Executive Officer, Chief Commercial Officer, Chief Product & Strategy Officer and Chief Financial Officer. The CODM assesses the performance of the business and allocates resources based on the consolidated results of the Group.

15. Share capital and other reserves (*continued*)

5,581,162 ordinary shares were issued during the period, in respect of 5,581,162 restricted share unit awards which vested during the period and were issued at a price of €0.001 per share.

Ordinary shares

The holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to one vote per share at meetings of the Company. On winding up, the holders of ordinary shares shall be entitled to receive the nominal value in respect of each ordinary share held, together with any residual value of the entity.

The holders of B ordinary shares are not entitled to receive dividends as declared and are not entitled to vote at meetings of the Company; however, they are entitled to attend all meetings. On winding up, the holders of B ordinary shares shall be entitled to receive the nominal value in respect of each B ordinary share held.

Treasury reserve

The reserve for the Company's shares comprises the cost of the Company's shares held by the Group. At 30 June 2024, the Group held 2,585,560 (31 December 2023: 2,585,560) of the Company's shares.

Translation reserve

The translation reserve comprises all foreign currency differences arising from the translation of the financial statements of foreign operations.

Reorganisation reserve

During 2012, Oneview Healthcare PLC ("OHP") was incorporated for the purpose of implementing a holding company structure. This resulted in a group reorganisation with OHP becoming the new parent company of Oneview Limited ("OL") by way of share for share swap with the existing shareholders of OL. This has been accounted for as a continuation of the original OL business via the new OHP entity resulting in the creation of a reorganisation reserve in the consolidated financial statements in the amount of €1,347,642, (increased by €4,200 to €1,351,842 in 2013 due to the issue of B shares). No reorganisation reserve was created at OHP company level as the fair value of the net assets of OHP was equal to the carrying value on the date of the reorganisation.

16. Share based payments

At 30 June 2024, the Group had the following share based payment arrangements:

Share Option Plan

In July 2013, the Company established a share option programme that entitles certain employees and consultants to purchase shares in the Company. Options vest over a service period and are settled in shares.

Restricted Stock Share Unit Plan (RSU)

On 2 July 2019, the Company adopted a new Restricted Share Unit Plan ("RSU") to replace the old Restricted Stock Share Plan ("RSP"). The scheme was subsequently approved by shareholders at the Company's Annual General Meeting on 1 August 2019.

Pursuant to the scheme, the Remuneration and Nominations Committee of the Company's board of Directors may make an award under the plan to certain Directors, non-executive Directors, consultants, senior executives and employees. The purpose of the Plan is to attract, retain, and motivate Directors and employees of Oneview Healthcare PLC, its subsidiaries and affiliates, to provide for competitive compensation opportunities, to encourage long term service, to recognise individual contributions and reward achievement of performance goals, and to promote the creation of long term value for shareholders by aligning the interests of such persons with those of shareholders.

RSUs are contracts to issue shares at future vesting periods ranging between 1 year and 3 years, at an award price of €0.001, and are dependent on the achievement of performance conditions which are set periodically by the Remuneration and Nominations Committee. All awards to Directors and non-executive Directors are subject to shareholder approval annually at the Annual General Meeting.

As at 30 June 2024, 32,252,930 RSUs were outstanding.
